Mr. Jacque BoNey  
P. O. Box 1815  
Southaven, MS 38671

Dear Mr. Boney,

The EcoQuest Air-Purification System has proven to be everything that you told us it would be! After the three-day demonstration, we found that it was a must-have!

During the trial period, the air in the suite that my four colleagues and I share was totally renewed! Due to the flu season and high traffic that flows through our work area, we were really concerned with germs and other contaminates. The assurance that the EcoQuest Purifier provided us was astounding! The common area of the suite as well as our individual offices had an air quality that we had never experienced before.

Needless to say, we purchased one the purifiers and we are absolutely enjoying the benefits! I would definitely recommend the EcoQuest Air Purifier for any office/home environment.

Sincerely,

Keith D. Reed, CFSP  
Business Instructor
