Mary Ann - I can only tell you my experience with Vollara products, and so far the results have been excellent. I began drinking their grape juice almost a year ago (I think), and I am now off blood pressure medication, and off cholesterol lowering drugs. I was telling my Doctor about it when she commented about my blood pressure being so much lower, and long story short, she has it sent to her brother in Georgia who has cancer. His blood studies are much improved since he began drinking it, and his Doctor said he is like a different patient.

I truly believe all of their products are top of the line...I became a distributor so I could get their products cheaper, and I get paid by them at the same time. It all works itself out. Talk more in depth to Dale, and think about becoming a distributor. I don't see how you can lose.

Love,
Sandy
