

(Email)

I look forward to sharing the Re:Plenish information with everyone! I love Re:Plenish! I told Becky that due to knee problems (the doctor has mentioned knee replacements), I have slept with a heating pad almost every night for the last ten years. I have been taking Re:Plenish for about 2 1/2 - 3 months (I was not faithful at first) and I just realized 2 weeks ago that I have not used the heating pads for my horrible knee pain in 2 months. That is amazing for me!
