Re: Ionized Water (LivingWater)

To: Mr. & Mrs. Roth

It is with great joy that I write this testimonial. After suffering for more than 7 straight weeks from my last attack of gout in my left knee, your kindness and generosity have relieved almost all of my suffering. Within the first 8 hours I was able to stand and walk without pain. What is most interesting is that a simple solution was readily available unbeknownst to myself and many other physicians as well I am sure. For the first time in over 22 years in practice, a practical solution exists for such a widespread problem. I have been informing all my current gout patients and will inform all new patients and colleagues about this painsaving simple treatment. I would be more than pleased to be a spokesperson/ambassador for "LIVING WATER" which has helped me so much as a longtime gout sufferer who suffers no more.

Eternally grateful,
